Durbanville, Western Cape

PROFILE

A motivated and disciplined graduate of Hoërskool Hugenote, currently advancing my career through a Software Developer qualification at CTU Training Solutions. I bring hands-on experience from a Junior Clerk role at PAX Accounting and Bookkeeping, where I developed practical skills in accounting software and financial administration. Widely regarded by colleagues and educators as a hardworking and dependable individual who leads by example. I believe personal transformation is fundamental to societal change — by continuously improving oneself, we positively influence those around us.
